

Re-engineering New House Designs to Passivhaus

Thursday 16 March 2017 by James Galpin of HMY Architects

Venue	Jubilee Library, Brighton
AGM Chair	Neil Stevenson, gta Civils, Secretary
Event Chair	John Sinden, Westridge Construction

We welcome James Galpin of Hazle McCormack Young Architects, Tunbridge Wells, who will give an introduction to the concepts and an overview of design-led approach to PassivHaus energy conscious design.

Westridge Construction will also be sharing their experiences of PassivHaus building, from a Contractor's perspective and in particular, covering the site processes required to achieve the air tightness required.

The event will start with meet and greet, registration, light refreshments, AGM business in brief, then James will present to the audience, with the opportunity for questions and answers at the end.

Registration 4:30pm

CE Theme Sustainable

Meeting Point Conference Hall, Jubilee Library

CPD 1 hour CPD Certificates will be available for ICE, CIOB, RICS, CIBSE, RIBA & IStructE

About our main speaker

James is a PassivHaus Trust member and a designer of low energy solutions for contemporary homes, education buildings and workplaces, as well as retrofit projects in all three sectors. James has recently delivered a new 6 bedroom PassivHaus dwelling in Mayfield, similar homes for several sites in East Sussex plus retrofit dwellings in Kent. HMY specialise in residential, healthcare and education projects in the SE from two offices in Tunbridge Wells and Canterbury.
