CONSTRUCTING EXCELLENCE

SECBE AWARDS 2018

Recognise the best – Inspire the rest

The Constructing Excellence SECBE Awards are unique in their recognition of outstanding companies and projects in London and the South East; those that have delivered improvements in all-round performance through collaborative working and a real desire to make a difference. Totally inclusive, our awards are open to the whole sector from buildings to infrastructure, all parts of the supply and demand chain, all disciplines, professions and trades.

Recognising excellence where projects, organisations or individuals have used the core principles of Constructing Excellence to achieve outstanding performance, we will be assessing impact in the calendar year 2017.

Our winners are exceptional and our Awards Gala Dinner and Winners Brochure reflect the high quality, innovation and inspiration of all those involved in supporting and competing.

If you are committed to excellence, then we hope you will be inspired to get involved in the Awards 2018.

Why enter the Awards?

The judging day on 19 April 2018 offers all finalists the opportunity to present to a panel of sponsors and leading procurers. Last year our client judges included Radian, Imperial College London, Heathrow and Crossrail.

Winning awards is good for business:

- a chance to showcase your business
- letting your customers that you are the best
- attract new customers and clients
- gain more recognition in the industry

How to enter

Visit www.ce-awards.co.uk

Choose your category. You are welcome to apply for more than one category

Register to download entry forms

Read the entry guidelines and top tips on the website.

Sign back in to upload your submission

The awards are **free** to enter.
