

# AGM - Placemaking, the link between good design and value

Thursday 15 March 2018 by U+I and Studio Egret West Architects

<b>Venue</b>	Jubilee Library, Brighton, BN1 1GE
<b>AGM Chair</b>	Charles Haywood, MacConvilles
<b>Event Chair</b>	Andrew Moulson, Miller Bourne Architects

We are delighted to welcome Sarah Chitty of **U+I Property Regeneration** and Lucas Lawrence of the multi-award winning and Stirling prize nominated Architecture practice, **Studio Egret West**. They are currently involved in the £150 million Preston Barracks, Brighton development using 'Placemaking' as an economic development strategy.

Also called place-based economic development, it is the practice of using a community's public amenities to make economic progress. This approach focuses on the unique features of particular places, building on existing assets, using them to attract new investment and strengthen existing businesses. Placemaking is particularly relevant in today's age of globalism. Jobs tied to this form of economic development are bound directly to specific places and therefore cannot be outsourced.

This Members and Guests only event will start with meet and greet, registration, light refreshments, AGM business in brief, then Sarah will address the audience, followed by Lucas, with the opportunity for questions and answers afterwards.

<b>Registration</b>	4:30 pm
<b>CE Theme</b>	Smart
<b>Meeting Point</b>	Conference Hall, Jubilee Library

**CPD** 1 hour CPD Certificates will be available for ICE, CIOB, RICS, CIBSE, RIBA & IStructE

## About our speakers

Sarah is a Development Manager at U+I Plc and has worked on multiple mixed-use regeneration projects in London and Brighton. Sarah is responsible for leading the team on the Preston Barracks and University of Brighton regeneration development that was consented in September 2017.

Lucas has been working for the studio for over ten years. In this time he has led an array of large scale projects ranging from urban design to single Architectural schemes. These include a variety of mixed use developments incorporating homes, workspace, healthcare, libraries and leisure. Lucas claims to be the first person ever to cross Siberia on a motorcycle.....find out more when you meet him!

4.30 pm ~ 5.00 pm ~ registration, welcome & refreshments
